[in](#) [Fredrik Etsare](#)

## Summary

Ambitious and technically skilled system developer with a strong interest in web development, both on the frontend and backend. Experienced in React, Java, TypeScript, TailwindCSS, and Go. Proficient in macOS, Windows, and Linux, with a constant drive to grow and learn more. Currently studying Computer and Systems Sciences at DSV, the Department of Computer and Systems Sciences.

## Experience

### Inmotion Technologies AB

Sep 2022 - Sep 2025

Monteringsoperatör

🔗 <https://evs-inmotion.com/en/>

At Inmotion Technologies, I worked as an assembly operator where I learned the importance of ESD safety in maintaining high quality standards. The products I worked on included ACS, APS3, ACH, and DCC2

### Department of Computer and Systems Sciences

Tutor

🔗 <https://www.su.se/department-of-computer-and-systems-sciences/>

As a tutor, I support students with a wide range of topics, helping them strengthen their coding and problem-solving skills. In addition to tutoring, I'm responsible administrative tasks and recruiting new tutors to the team.

### Systemvetardagen

Sep 2025 - Sep 2026

Vice Head of Web Development

🔗 <https://systemvetardagen.se>

I currently serve as Vice Head of Web Development for [Systemvetardagen](#), a major tech job fair. I lead a small team of developers as we build a new backend and update the website for the fair's 30th anniversary.
